

1. Personal and Contact Information:

First and Last Name: kourosh.ghanadi

Academic Rank: Associate Professor

Personal Email: koroush.ghanadi@gmail.com

Academic Email: ghanadi.k@lums.ac.ir

Mobile Number: 09161613863

Office Phone Number:

Fax Number:

Date of Birth: 26/6/1964

Marital Status: married

2. Education:

MD: (Field of Study, Name of University, Year Graduated)

Medical education.tehran University of Medical Sciences. (1995-2001)

Resident: (Field of Study, Name of University, Year Graduated):

Specialist in Internal Medicine, Graduated in 1996 from Tehran University of Medical Sciences

Resident Thesis: (Title, Supervisor, Advisors).

Evaluation of the effect of pulse therapy with methylprednisolone and cyclophosphamide on the treatment of lupus nephritis

Fellowship: (Field of Study, Name of University, Year Graduated):

Subspecialty in Gastrointestinal and Liver Diseases, graduated in 2006 from Tehran University of Medical Sciences

Fellowship Thesis: (Title, Supervisor, Advisors).

Evaluation of the effect of combination therapy with interferon α - β 2 and ribavirin in patients with hereditary hemorrhagic disorders infected with hepatitis C virus referred to medical centers for hemophilia patients in Tehran in 2005-2006.

3. Awards & Honors:

- a. Perfect professor in Educationin (2013).
- b. Top researcher of the university in 2016, 2018
- c. Upgrading the academic rank from assistant professor to associate professor in 2015.
- d. Achieving the top rank in the processes of Shahid Motahari University Festival in the field of assessment and evaluation in 2012.
- e. Obtaining the third rank of top university researcher in the field of clinical sciences2019

4. Scientific Position:

1. Assistant Professor of Medicine (Department of internal medicine, lorestan University of medical science, during(1998-2015)

2. Associate Professor of Medicine (Department of internal medicine, lorestan University of medical science, during From 2015 until now)

3. Professor of Medicine (Department of ..., University, during)

5. Executive Position:

- a) **Faculty member of the internal Medicine Department since 1998**
- b) **Educational Deputy of Shohada Ashayer Hospital from 2006 to 2013**
- c) **Educational Deputy of Shahid Rahimi Hospital from 1392 to 1396**
- d) **Director of internal Medicine Department (2001-2003),(2015-2017)**
- e) **Member of the book writing and translation committee(2015-2018)**
- f) **Member of the Planning Committee of the Basic Medical Sciences Integration Project in 2008.**
- g) **Member of the mortality committee of Shahid Rahimi Hospital since 2015.**
- h) **Member of the Continuing Education Council of Lorestan University of Medical Sciences.**
- i) **Member of Hepatitis Research Center of Lorestan University of Medical Sciences**
- j) **Member of the Medical Ethics and Professional Behavior Committee of Shahid Rahimi Educational and Medical Center since 2016.**
- k) **Member of the Graduate Council of Lorestan University of Medical Sciences from 2016-2017.**
- l) **Participate in the design and implementation of residency training programs in the field of internal medicine .**
- m) **Participate in Designing "Log Book" notebook for internal residency.**

6. Teaching Experiences:

Teaching several courses in physiopathology of internal medicine for medical students of Lorestan University of Medical Sciences from 1997 to 2003 .

Teaching gastrointestinal and liver diseases course for medical students of Lorestan University of Medical Sciences since 2006.

Participation in training programs for internship courses in internal medicine at Lorestan University of Medical Sciences since 2006

Teaching health and social medicine internships for medical students.(.from2007 until now).

Participation in Training of internal residents from 2012 until now.

Presenting Lecture in continuing education programs for general practitioners and pharmacists.

Teacher of clinical reasoning in several university student olympiad courses.

7. Research Field:

- a. Gastrointestinal Cancer research**
- b. Inflammatory bowel disease**
- c. Non-alcoholic fatty liver**

8. Supervisor:

- a. Investigating the prevalence of HBs Ag positive and HCV Ab positive in blood donors referring to Khorramabad Blood Transfusion Organization in 2001 Thesis in General Medicine entitled "Investigation of self-care status and its effective factors in patients with diabetes referred to Shahid Motahari Clinic in Khorramabad in 2010."**
- b. nvestigation of the prevalence of IBS in students of Lorestan University of Medical Sciences in 2003.**
- c. Investigation of epidemiological and clinical aspects of colorectal polyps in Khorramabad from 2009-2010**
- d. . Investigation of epidemiological and clinical aspects of colorectal cancers in Khorramabad from 2009-2010.**
- e. nvestigation of epidemiological and clinical aspects and endoscopic findings of upper gastrointestinal bleeding in Khorramabad 2011.**
- f. Investigation of epidemiological and clinical aspects of inflammatory bowel diseases in Khorramabad city in 2011-2012.**
- g. Investigation of epidemiological and clinical aspects of peptic ulcer diseases in Khorramabad city in 2011-2012.**
- h. Investigation of epidemiological, clinical and laboratory findings in patients with fatty liver disease in Khorramabad in 2016.**
- i. Investigation of epidemiological findings and endoscopic findings of gastric polyps in Khorramabad in 2016.**

- j. Investigation of serum level of catpsin S in patients with colorectal cancer compared to the control group in 1396.
- k. Investigating the relationship between cryptosporidium parasite species and colorectal cancer.

9. Advisor:

Investigation of epidemiological aspects of occupational exposure to hepatitis B virus, hepatitis C and HIV / AIDS in personnel and other people working in shohada ashayer hospitals in Khorramabad in 2009-2010.

A study of the status of self-care and the factors affecting it in patients with diabetes who referred to Shahid Motahari Clinic in Khorramabad in 2010.

Investigation of epidemiological and clinical features of upper gastrointestinal cancers in Khorramabad in 2010.

Investigation of Study Patterns and Levels of Practical Skills of Medical Students of Lorestan University of Medical Sciences ''.

Investigation of the use of complementary and alternative medicine and related factors in people referring to health centers in Khorramabad.

study of the use of pharmaceutical and nutritional supplements and related factors in people referring to health centers in Khorramabad

12. Workshops (Teaching, Presence):

- 1.** Participate in the website training workshop held by Lorestan University of Medical Sciences
- 2.** Participate in 19 International Gastroenterology and Liver Congress
- 3.** Participate in clinical training methods workshop held by Lorestan University of Medical Sciences.
- 4.** Participate in the annual congresses of the Society of Internal Medicine Specialists.
- 5.** Participate in PowerPoint training workshop
- 6.** Participate in the workshop on reviewing guidelines for the diagnosis and treatment of liver masses and primary liver cancers in Tehran.
- 7.** Participate in workshops from bed to laboratory in gastrointestinal and liver diseases.
- 8.** Participate in the 3rd International Congress of Gastrointestinal Cancers.
- 9.** Participate in a training program on the status and novelty of diagnosis and treatment of venous thrombosis
- 10.** Participate in the accreditation workshop of educational hospitals.

- 11.** Participate in curriculum planning and writing lesson plans workshop held by Lorestan University of Medical Sciences.
- 12.** Participate in a Physician and law workshop workshop held by Lorestan University of Medical Sciences.
- 13.** Participate in medical error congresses workshop held by Lorestan University of Medical Sciences.
- 14.** Participate in a workshop on new methods of student assessment held by Lorestan University of Medical Sciences.
- 15.** Participate in the first national scientific-research congress of students in the west of the country.
- 16.** Participate in a professional ethics workshop held by Lorestan University of Medical Sciences.
- 17.** Participate in research knowledge workshop and innovative processes held by Lorestan University of Medical Sciences.
- 18.** Participate in the Comprehensive National Congress of Cancer Control Program in Tehran, 2013.
- 19.** Participate in the ethics workshop in publishing research held by Lorestan University of Medical Sciences.
- 20.** Participate in a science assessment workshop held by Lorestan University of Medical Sciences.
- 21.** Participate in a workshop on new systems held by Lorestan University of Medical Sciences.
- 22.** Participate in a quantitative workshop on qualitative studies held by Lorestan University of Medical Sciences.
- 23.** Participate in Navid System Workshop held by Lorestan University of Medical Sciences.
- 24.** Participate in a question design workshop and conduct a clinical competency test held by Lorestan University of Medical Sciences.
- 25.** Participate in a workshop on student counseling methods.

- 26.** Participate in an electronic content production standards workshop.
- 27.** Participate in a workshop on student scientific and clinical assessment methods.
- 28.** Participate in an electronic resource search workshop.
- 29.** Participate in an article review and judging workshop.
- 30.** Participate in a medical journalism workshop.
- 31.** Participate in a website training workshop.
- 32.** Participate in a workshop on how to submit an article to journals.
- 33.** Participate in the faculty promotion workshop.
- 34.** Participate in a virtual reality application workshop in medical sciences.
- 35.** Participate in an inverted class workshop.
- 36.** Participate in a test workshop in qualitative studies.
- 37.** Participate in the national seminar on compliance of health services with the holy religion of Islam.
- 38.** Participating in the knowledge-building workshop held by Mashhad University of Medical Sciences in 2011.
- 39.** Participate in medical rules workshop.
- 40.** Participate in the workshop of scientific and professional ethics.
- 41.** Participate in a beneficial science workshop.
- 42.** Participate in the resistance economy workshop.
- 43.** Participate in a political science workshop.
- 44.** Participate in soft warfare workshop.
- 45.** Participate in human and revelatory sciences workshop.
- 46.** Participate in lifestyle and skills workshop.

13. Research Projects (Executor, Collaborator):

- a. **Executor of the research project "Investigation of the prevalence of irritable bowel syndrome in medical students" in 2001.**
- b. **Executor of the research project to study the serum level of catapsin S in patients with colorectal cancer compared to the control group in 1396.**
- c. **Executor of the research project "Study of the relationship between cryptosporidium parasite species and colorectal cancer" in 2017.**
- d. **Collaborator of the research project " comparisan viewpoints of medical students and faculty members of Lorestan University of Medical Sciences on quality improvement strategies of morning reports(2012)**

14. Membership in Scientific Associations:

Member of the Iranian Digestive and Liver Association since 2006
